

## **OBSERVING SILENCE, MY MOTHER AND ME**

Sitting, just like that,  
on the terrace  
my mother and me.  
And observing silence.

As a matter of fact,  
I am observing silence  
and what is left  
from my mother.

Observing silence  
my mother's soul and me.

As a matter of fact,  
my mother's soul  
is observing silence  
with what is left from me.
