Glacier anagram:

listen

posterity... is poetry
silent

slušaj

potomstvo.. je poezija
tišina

red cedar
deeply carved stories
bleached by time

crveni cedar
duboko urezane priče
izbijeljelo je vrijeme

surface tension
all on deck turn at once
gasping

napetost na površini
svi na palubi okrenuše se
glasno uzdišući

NEKOPKATI
