**VI STE U ZONI KREATIVNOG DUHA!
 YOU ARE IN THE ZONE OF CREATIVE SPIRIT!**

Iz posthumno objavljene priče **LAUTA I OŽILJCI** Danila Kiša (ex-Yu književnika): "Pisac treba da sagleda život u cjelini. Da nagovjesti veliku temu umiranja - kako bi čovjek bio manje gord, manje sebičan, manje zao - a, s druge strane, da osmišljava život. Umjetnost je ravnoteža te dvije protivrječne misli. Dužnost je čovjeka, pogotovu pisca, da ode sa ovog svijeta ostavivši za sobom ne djelo, djelo je sve, nego nešto od dobrote, nešto od saznanja. Svaka napisana riječ je kao postanje."

From the posthumously published story **LAUTA AND SCARS** from Danilo Kish (ex-Yu writer): "The writer needs to examine life in general. To suggest a great topic of dying - how a man would be less dignified, less selfish, less evil - and, on the other hand, to conceive life. Art is the balance of these two contradictory thoughts. It is the duty of man, particularly a writer, to go from this world leaving behind not a act/prelude/action, because the act/prelude/action is all, but something out of goodness, one of the findings. Each word is written as a posting."

**MI OBJEDINJUJEMO RAZLIČITOSTI
WE ARE UNIFYING DIVERSITIES**

Ivo Andrić - PISMO IZ 1920.: U nekoj Mopasanovoj pripovesti ima jedan dionizijski opis proleća koji se završava rečima da bi u takve dane po svim uglovima trebalo izlepiti oglase: Građanine francuski, proleće je, čuvaj se ljubavi! Možda bi u Bosni trebalo opominjati čoveka da se na svakom koraku, u svakoj misli i svakom, i najuzvišenijem čuva mržnje, urođene, nesvesne, endemične mržnje. Jer u toj zaostaloj i ubogoj zemlji, u kojoj žive zbijeno četiri razne vere, trebalo bi četiri puta više ljubavi, međusobnog razumevanja i snošljivosti nego drugim zemljama.

Ivo Andrić - LETTER FROM 1920.: In some Maupassant story there is a Dionysiac description of spring which ends with the remark that on such days, there should be a warning posted on every corner: "Citizens! This is spring-beware of love!" Perhaps in Bosnia men should be warned at every step in their every thought and their every feeling, even the most elevated, to be beware of hatred - of innate, unconscious, endemic hatred. Because this poor, backward country, in which four different faiths live cheek by jowl, needs four times as much love, mutual understanding and tolerance as other countries.

Godišnjak/Annual 21.3.2013

“Mislio sam da sam zaboravio, ali ništa se izgleda ne zaboravlja, sve se vraća iz zaključanih pretinaca, iz mraka tobožnjeg zaborava, i sve je naše što smo mislili da je već ničije, ne treba nam, a stoji pred nama, svjetluca svojim bivšim postojanjem, podsjećajući nas i ranjavajući. I sveteći se zbog izdaje. Kasno je, sjećanja, uzalud se javljate, beskorisne su vaše nemoćne utjehe i podsjećanja na ono što je moglo da bude, jer što nije bilo, nije ni moglo da bude. A uvijek izgleda lijepo ono što se nije ostvarilo. Vi ste varka koja rada nezadovoljstvo, varka koju ne mogu i ne želim da otjeram, jer me razoružava i tihom tugom brani od patnje.”

Meša Selimović, *Derviš i smrt*

“I thought I had forgotten, but nothing seems to be forgotten, everything is coming back from locked compartments, from the darknes of alleged oblivions, and all belongs to of us what we thought that belongs to nobody, and we do not need it, and stands in front of us us, flashing with its former existence, reminding and wounding us. And trthough the revenge for treason. It's late, memories, vain to answer, useless are your weak consolations and reminders on what could be, because wha have not been, it could not be. And always looks nice what did not happen. You are a delusion that generates dissatisfaction, delusion which I can not and I do not want to send away, because it disarm me and with quiet sadness defend from suffering.”

Meša Selimović, *Death and the Dervish*

SLOBODA

Kažu da pretjerujem. Da ne mogu ništa promijeniti. Da će uvijek biti vladaoaca i vladanih. A ja odgovaram kako znam da apsolutna sloboda ne postoji. No, nema ništa ljepše od borbe i težnje ka slobodi. O apsolutu je sve već rečeno. I napisano. O slobodi? Pišemo mi!

FREEDOM

They say that I am exaggerating. That I can not change anything. That there will always be a rulers and the ruled ones. And I answer that I know that there is no absolute freedom. But there is nothing more beautiful than the struggles and aspirations for freedom. About the Absolute already all have been said. And written. About Freedom? We are writing!

Multi-identitet kao nadgradnja mono-identiteta

Obzirom da se u demokratskim društvima vlast može definisati kao „vladavina slobodno izabranih predstavnika naroda“, u tom slučaju građani, kao osnovni dio pretpostavki kreacije naroda države sekularnih težnji i uobličavanja jesu i moraju biti činilac integracije unutar interaktivnog oblika mogućih alternativa svijesti. Angažirani umjetnik-građanin u sebi sadrži multi-identitet kao nadgradnju mono-identiteta koji dobija pripadnošću ovoj ili onoj naciji, vjeri, rasi, genderu. To je za angažiranog umjetnika jedini i nadasve inspirativni cilj-pomoći građaninu, kako bi, unutar totalne kreacije sopstvenog bića, stvorio društvo dobrih namjera.

Multi-identity as an upgrade of the mono-identity

Given that in democratic societies, power can be defined as a “rule of freely elected representatives of the people”, in this case, the citizens, as a basic part of the assumptions of creations of nations of the state with secular aspirations and shaping up are and should be a factor in the integration of interactive forms of possible alternative to the consciousness. Engaged artist-citizen incorporates multi-identity as upgrade of mono-identity which gets through belonging to this or that nation, religion, race, and gender. It is for engaged artist only and the very inspirational goal-to help citizen in order, within the total creation of its own being, to create the society of good intentions.

World As Global Sin: Knowledge As 'Margaritas Ante Portas'

What is knowledge within the world of developed society? What does it mean for us to be aware that every 11 hours the knowledge in the world is doubled? We are so developed and yet so uncivilized. How it can be? It all depends on how you "read" an understanding of development and civilization. Especially, if development and civilization means neo-liberalism, and the "exporting" of "my way of thinking-democracy" as it "should exist all around the world" and let the markets to do everything – to liberalize the liberalism. It is amazing that those who were fighting against Mao Zedong's "flourishing of thousand flowers" are doing nowadays exactly the same thing, but instead of operating with the system of "communism" they are doing it now within the guise of "capitalism".

World as Global Sin: Intermediaries lead down to dusk

If anybody ever was thinking within the last decade and a half that this World might have a chance for its bright future in regards to anything related to the benefit of all humankind, then he/she was wrong, despite the XXI Century being a century of promises, albeit 'fallen ones'. Most of the World's population follows some kind of religion devotion. Everybody knows who and where, and how many people are for this or that religion. Still, regardless that every religion in the world underlines peace and prosperity, we still have so many wars, corruption, poverty ...What is wrong, then? Maybe, the answer is within the issue that we are not following religion(s) properly and that we should obey the Holy Book(s) as it is written within. If that is case then we should erase our history since the first Holy Book(s) that have even been written up to present time, since the dawn of religion(s), has the same problem. Is then the problem in us, or in the Holy Book(s)? Without mentioning any one religion, I suggest that the intermediaries are the ones to blame. Yes, I love God, but without religion. Religion has been established by the side of intermediaries. Is it to follow the Holy Book(s) or to follow the intermediaries? That is the billion dollar question. Why is that? Descriptions of the obvious, explanations of the visible, misleading... If we just can compare the beliefs of each and every religion in the world through the past thousand years (at least) we will see a lot of adjustments of religion with respect to the current situation in the world related to the (non)freedom of humans. Every time was it not the religions that were leading towards the development of the world, but the opposite happened, with the result being the pulling down and holding the horses of development for the selfish reasons of the intermediaries.
