ON THE PATH OF GLOBAL E-GOVERNMENT: FORM OR ESSENCE AS THE PRESUMPTION OF PROPER DEMOCRATIC INTERACTIONS

(Astana, KAZAKHSTAN) — Having in mind that a picture with few words says more than even a thousand words, Eurasia Review presents a video in regards to the recently organized Global E-Government *Forum* in Astana, Kazakhstan (October 7-8, 2014).

To make a long story short, Astana was for three days the center for the E-World government, oops, sorry, Global E-Government.

How such an initiative progresses in the future will depend on us, Humans.

But, you know us, Humans....

Hunger for *power of the form*, more than for the *power of essence* as the presumption of proper democratic interactions.

But, again, you never know with us...

Humans.
