DIOGEN is seeking for human being

From the Universe to You

As the universe groans,
My thoughts become a
light.
Do you see it in my eyes?
Do we create
our own
reality?
Why we allow
the present
to
slip away
because
of the future?

You are creating your world
not knowing
you're in the river
of mine.
I'm here.
Swim towards me.
Morning light is magical.

Observing silence

I am observing silence
Next to me
Moon tired
fled to sleep
I am observing silence
day says high to me
recognized me
told me that I am
observing silence again
listening in
through observing silence
Maybe I will greet you
with a silence

Sometimes, I screech

Sometimes screamed out from me
unfulfilled passion
who really hurts.
I can see
unreachable eyewink,
more empty.
I'd like to replace
your reflection
within my curves.
I am dreaming in my own world
lost in thoughts...
Curtain falls
Play ends
through the hole
I am penetrating
through
my head.
I know,
I was much larger
than you think.

Today, I think like that.
Tomorrow?
Should I?

I want to catch it up

Darkness within the head
The mouth is locked
absence of the spirit
Self-doubt
The desire for love
is stronger
than the desire for hatred
With all of my power
I take a spark
of hope
I am running
rushing for happiness
Maybe will catch it up ...

I love...being silent

I love and
I hope for the realizing
of that
unspoken
only
to me known
dream

I'm waiting ...

Through the prayer I am
calling you
Confusing universe
calm down
unknown feeling ...
Tonight I'm pretty
Just for you
Thy silence break me
stronger than my own
While I love you
in silence ...
