

John McDonald, Edinburgh, Scotland

'another soldier dead' -
they blow cool breezes
across their tea-cups

„još jedan mrtvi vojnik“
dahom rashlađuju zrak
nad šalicama čaja

*

among black swans
one white one
moon and clouds

među crnim labudovima
jedan bijeli jedan

mjesec i oblaci

*

dandelions -
universe
of suns and moons

maslačci –
svemir
sùnācā i mjesécā

*

bride posing
on the riverbank - a swan
enters the dark stream ...

mladenka pozira
na obali rijeke – labud
ulazi u mrku bujicu

*

cancer -
his shoulder blades:
angels' wings sprouting

tumor –
njegove lopatice:
niču anđeoska krila

*

the blind man
reading the braille
of his opened flowers

slijep čovjek
čita braile
otvorenog cvijeća
